

# HPUMC READING PLAN

In your hands is a plan. This plan was created to help you take a next step in your spiritual life. You'll see that there are two tracks. Track A is the beginning of a journey that will lead you through the whole Bible, from start to finish, in one year. Track B offers lighter daily reading, leaving you more time to reflect. As you read, here are some questions to help you get more out of each passage:

- How might God be using this passage to speak to me today?
- Is there something I can do in response to what I have read?
- Is there someone I can share this with?
